Expert Choice Green Belt® Public Training Program
April 17-19, 2007, Arlington, Virginia

Empower yourself and your colleagues to bring the value of Expert Choice to your business to make better, faster, and more responsible decisions.

What you will learn in this course:

- ***How to structure and manage complex decisions***
- ***Basic and advanced software usage skills***
- ***Group decision making best practices***
- ***Meeting facilitation skills using EC 11 and the EC Decision Portal***
- ***Portfolio management and resource allocation using the EC Resource Aligner***
- ***Solution deployment best practices and decision governance***

This intensive training solution includes the following core modules:

Module	Title	Description
Module 1	Overview	See a powerful demonstration of how leading organizations use EC for portfolio management in the PMO. See the value propositions for the EC solution, and review its applicability to various decisions.
Module 2	Decision Making Theory	Learn about decision making best practices and the fundamentals of the Analytic Hierarchy Process. Gain a thorough understanding of how EC helps leaders make more responsible, better decisions.
Module 3	Plan	Set up your decision models with planning, problem research and stakeholder analysis. Leverage proven pre-meeting questionnaires to better understand the voice of your stakeholders.
Module 4	Structure	Build effective decision models from the top down and bottom up using affinity diagrams and Pro/Con approaches. Translate your information into a powerful hierarchy of objectives.
Module 5	Measure	Prioritize using powerful relative and absolute measurement techniques. Learn about pairwise comparison using the verbal, graphical and numerical modes. Create absolute formulas such as rating scales, utility curves and step functions.
Module 6	Synthesize/Sensitize	Use EC's powerful synthesis capabilities to determine your priorities. Iterate to improve your decisions using five types of powerful sensitivity analysis techniques.
Module 7	Group Decision Making	Group-enable your decision models for facilitation with keypads or over the Internet. Import data into your model and secure its access. Know how to leverage network models for group input.
Module 8	Meeting Facilitation	Facilitate Group models using EC's proprietary methodology. Learn and practice the activities, mind-set, and talk of a professional facilitator. Leverage keypad input methods during decision meetings.
Module 9	Portfolio Management and Resource Allocation	Allocate your resources optimally using the power of EC's Resource Aligner with its advanced optimization engine. Practice with advanced constraint modeling techniques and multiple funding scenarios. Learn about PMO and governance best practices.
Module 10	Justification	Better justify your decisions by creating a clear audit trail with sound evidence. Produce effective reports that communicate your decision.
Module 11	Implementation Roadmap	Put it all together with an impactful deployment plan that lets you hit the ground running. Explore Pilot decision best practices and learn how leading organizations have effectively implemented EC.
